## **National Historic Covered Bridge Program**

**Bridge Name:** Stonelick Creek Covered Bridge

**Description of Location:** The Bridge is located .75 miles north of SR 50 on Stonelick Williams Corner Road, Clermont County, Ohio. Current Load limit is 3 Ton.

**Congressional District and Representative:** 2<sup>nd</sup> Congressional District, Representative Jean Schmidt

**Year Built:** 1878

**National Register of Historic Places:** 1974-09-10 Stonelick Covered Bridge

# Structure Description:

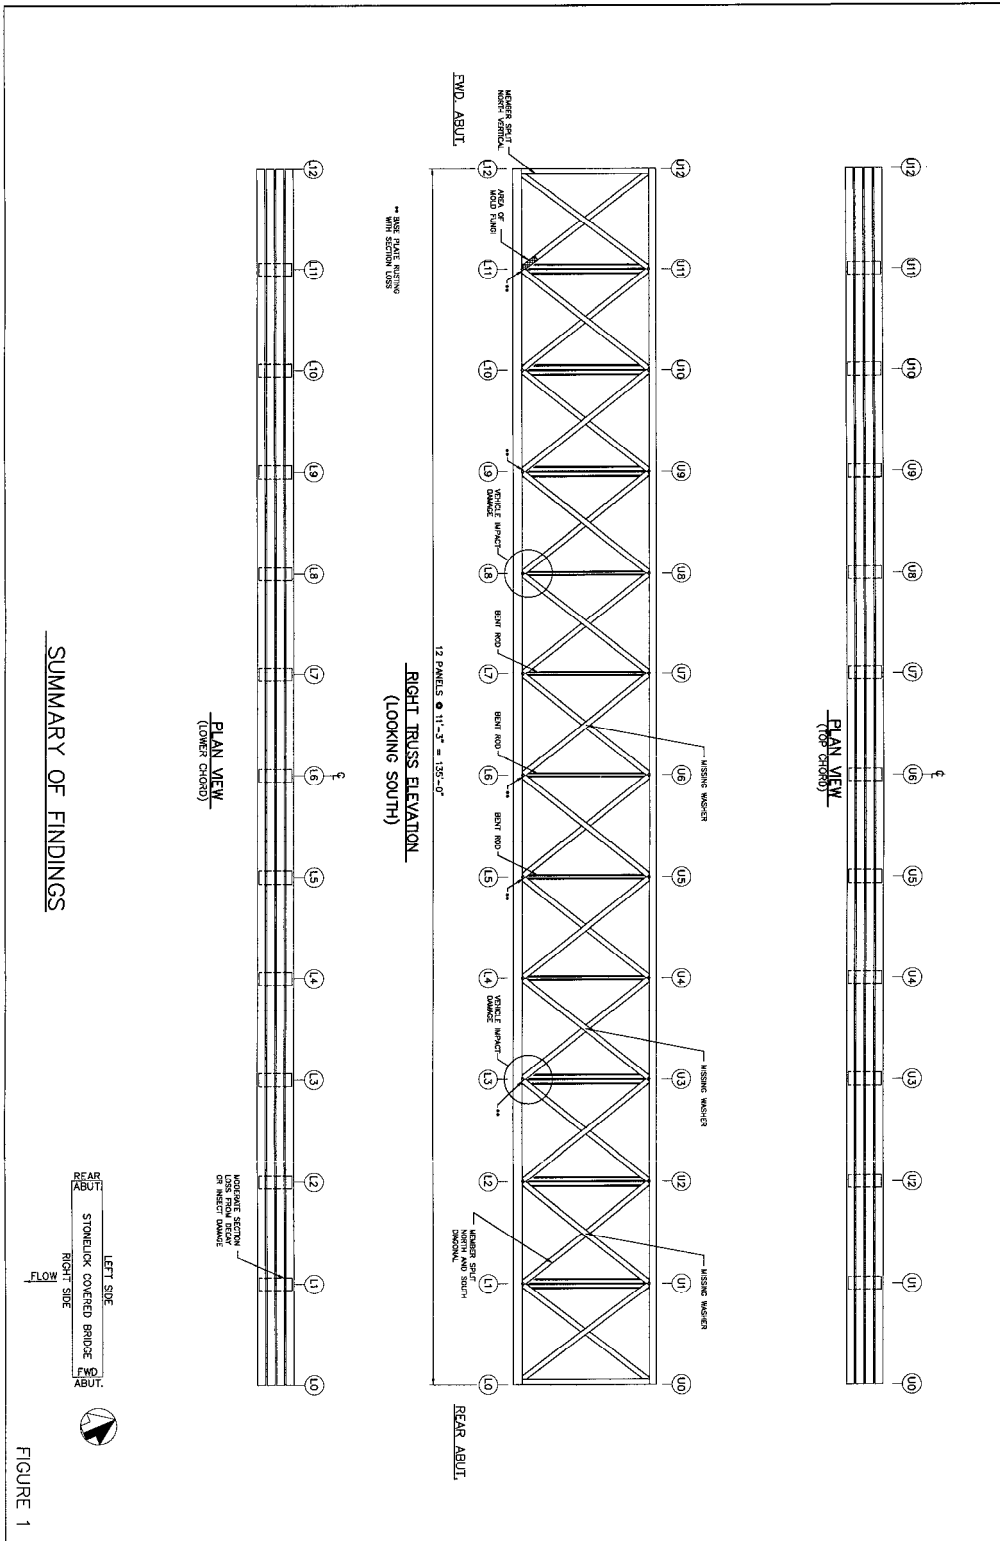

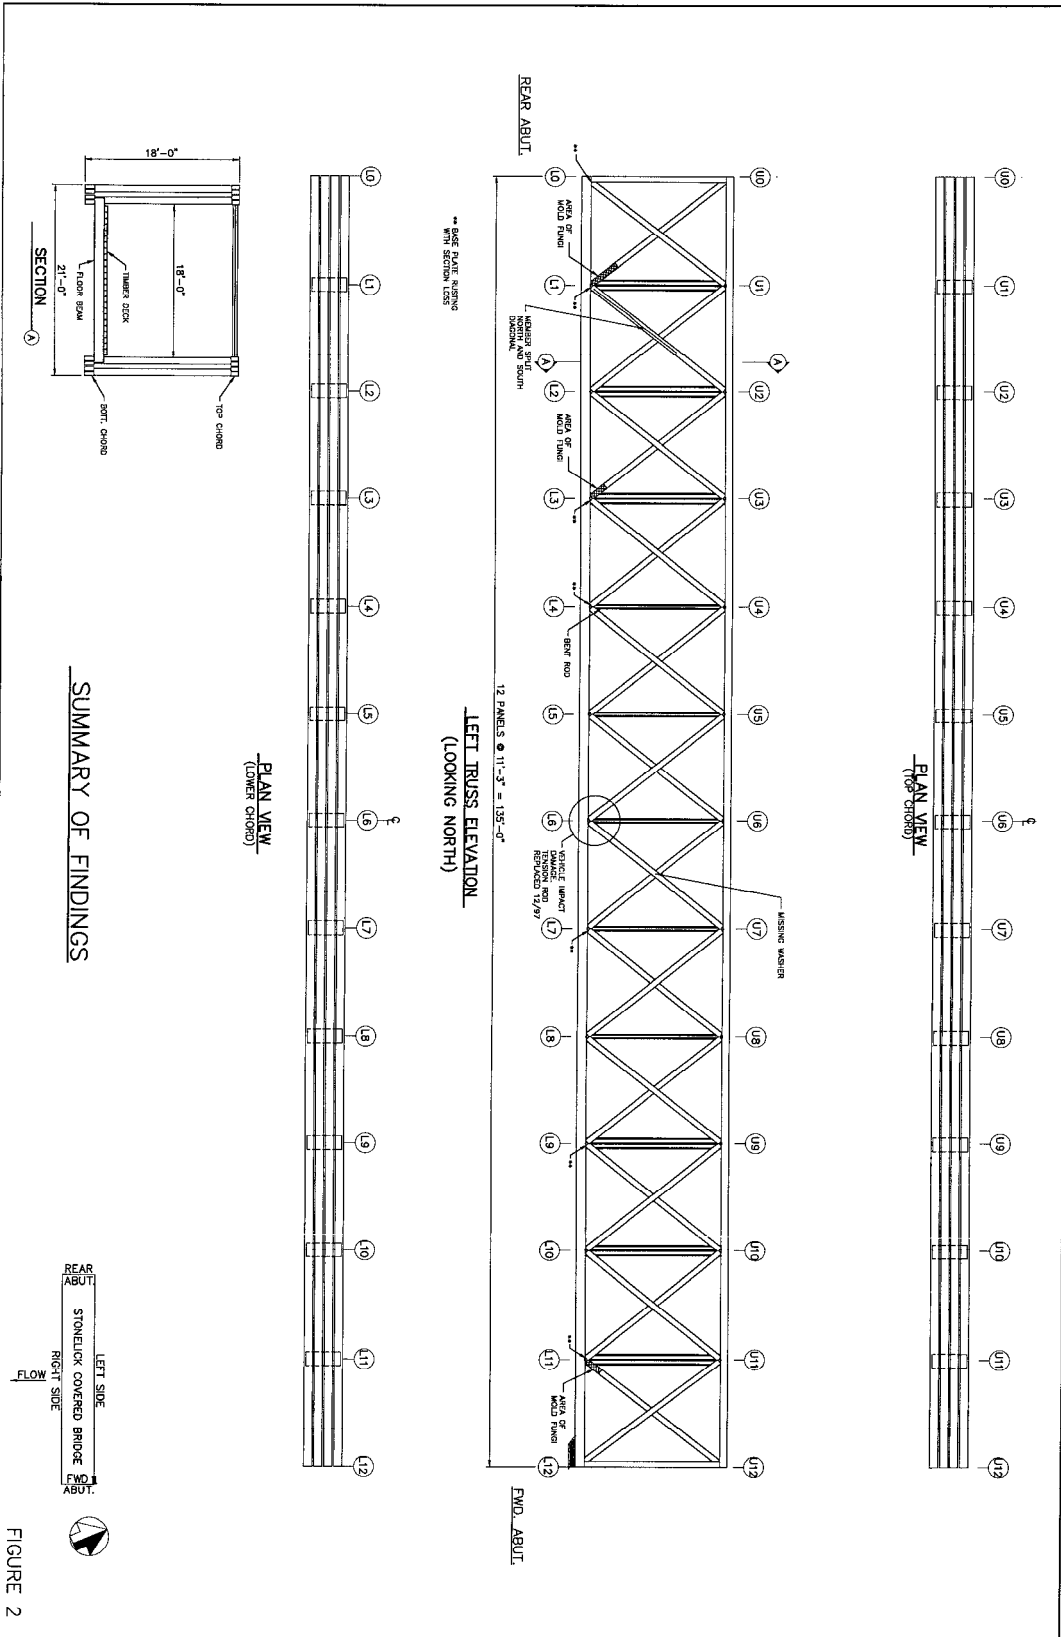

FIGURE 1

## Previous Repairs:

1983 – Floor boards and floor beams were replaced due to garbage truck falling thru deck. Truss and siding was painted.

1996 – Camera System and Lights were installed to minimize vandalism.

1998 - 319 Grant was used to reinforce bank of Stonelick Creek and install boulder weirs to redirect channel from abutment. A Preservation Award was received from The Cincinnati Preservation Association for the natural methods used in the project.

2001 – Several timber diagonals and tension bars were replaced due to traffic accident on bridge.

2002-Present – We inspect the bridge several times a month looking for loose floor boards and any other maintenance issues. We have recently cut down some large sycamore trees that have become a danger to the covered bridge.

**Proposed Work:** Wood preservative system, Structural repairs – Compression and Tension members, Floor system replaced, Roof replaced, Bearings replaced, and Piers installed to limit free span length.

**Local Amount:** The project cost is estimated to be \$450,000.00 with the local portion of 20% (\$90,000.00). The local 20% would comprise of MVG Funds.

**Construction Schedule:** Construction Start – 4/2007  
Construction Completed – 9/2007
